About the two institutions

EYSEEA is a non-profit organization founded in 2020 dedicated to using crowd-sourced geotagged photos and satellite data to map marine and global pollution around the globe. It aims to care deeply about the ocean's health and its future.

Pushpanjali College of Education was established in 1990. The college is permanently affiliated to University of Mumbai. The establishment of the college was a dream come true for the people of Vasai and other places in Thane (now Palghar) District as there was no B.Ed College in the area. The College, managed by the Society of Our Lady of Grace Convent, is one of the institutions run by the Congregation of the Carmelite Religious. The vision of the college is 'Education for the Life of the World'. Propelled by the vision, the college undertakes programmes to enhance the quality of education by nurturing the potential of the students and conducting regular programs for in service teachers.
